

HEART OF OHIO FAMILY HEALTH

LEADERSHIP

Dr. Buhari Mohammed
Chief Executive Officer

Dr. Buhari Mohammed's dedication to providing everyone access to quality healthcare, regardless of ability to pay, began as a young primary care physician. His passion to increase patient access and experience lead him to a career in healthcare administration where he has spent over 20 years enhancing the healthcare needs of the community. A results-oriented and data-driven decision maker with a proven track record of success, he is not only a change agent, but a strategic thinker that embodies service integration and the Federally Qualified Health Centers' mission. Dr. Mohammed became CEO of Heart of Ohio Family Health in 2018 and has helped HOFH lower the cost of care, improve clinical quality, and launch the opening of two additional health centers.

Dr. Mohammed obtained his MD from Ege University, MBA from Capital University, and completed a Community Health Center Executive Fellowship from the University of Kansas Medical Center. He is a member of the YMCA of Whitehall Board, Franklin County Juvenile and Family Recovery Court Advisory Board, United Way of Central Ohio Fitness and Nutrition Board, The Ohio State University Medical Dietetics Advisory Board, the American Diabetes Association of Central Ohio Advisory Committee, and the Mid-Ohio Food Bank Advisory Board.
